Washington Architect Discusses Details With Directors

PLANS TO BE DRAWN

C. T. Holden Tells Directors There Is Sentiment Here For The Building— Final Report in October

"The Young Men's Christian Association of Alexandria is going for ward, not backward," said Charles F. Holden, chairman of the commission to study the possibilities of a permanent equipment for the association in this city. The remark was made after the regular monthly meeting of the board of directors at the chamber of commerce last night which was visited by Clarence L. Harding, a Washington architect.

Mr. Harding came at the invitation of Mr. Holden because of his long experience in association work His father was an association secretary years ago and for many years has been on the board of directors of the Washington Y. He is also a member of the Interstate Committee which manages the association affairs for West Virginia, Delaware, Maryland and the District of Columbia.

But it was chiefly as an architect that he visited the board last night He went into the details of a building for Alexandria, telling of former buildings he had constructed for associations in many cities. The board was very favorably impressed with Mr. Harding's opinion that a Y building could be erected in Alexandria which would meet all of the needs of the community at a cost well within the possibilities of the city.

Mr. Holden and his committee will at once decide upon a possible location for a building and Mr. Harding will draw up plans which he will submit to the committee for approval. After a tentative plan is accepted it will doubtless be submitted to the various supporters of the association for further consideration

Mr. Holden states that there is a positive sentiment in the city for a building and it will be the intention of his commission to discover just the extent of that sentiment. Secretary Wallace of the local association made no comment except that he had never known a city that did not measure up to its responsibilities when once they were conscious of them.

Although the commission of which Mr. Holden is chairman has until the board meeting in October to make a report, it is probable that it may have reached a decision even before that time.

The board meeting last night was interesting throughout. The general secretary's report was heard with a great deal of interest. The report recounted the work of the month and the usual amount of work done by the association secretary which always seems impossible for one man to accomplish.

The board authorized the secretary to spend one hundred dolars if necessary from the treasury of the association for the boy's camp. which will be held during the vacation season. It also decided to send Mr. Wallace to the Empolyed Officers Conference at Lake Geneva, Wis., the last of this month. Mr. Walace will be gone about two weeks.

Mr. Wallace's summary for the month of May was as follows: 3 visits to churches; 23 visits to Sunday Schools; 13 health talks to 477; 7 general talks to 1289, or a total of 20 addreses to an audience of 1766; 10 gymnasium classes with an attendance of 242; 9 moving picture shows to 687; attended ten general meeting; 4 sewing classes, under the Ladies' Auxiliary, with an attendance of 227; 6 baseball games with an attendance of 2950 and extension work touching 250.

Don't forget St. Mary's Sunday School Excursion to Marshall Hall Thursday June 9. Boat leaves Cameron street wharf 10:30 a. m., 3 p. m., and 7 p. m.

HUSBAND LOST

Stranger Placed In An Embarassing Position

Throngs of people have been patronizing the big sale of R. E. Knight and Son which opened Monday morning, and many interesting occurrences have taken place. Last evening the store was packed full again with eager buyers and it was more or less difficult for families to stay together. While the man of the house was buying one thing, the lady would get her eye on something else that she wanted.

This particular incident occurred near the porch swings which are being offered during this sale at a great reduction, cut down to $22.50 complete for a fine six foot swing, good spring seat well cushioned, ere tonne covering, adjustable head rest, hangers and steel frame, all complete. After looking this bargain over, the lady was attracted to a large display of tubs, buckets bask ets, etc., no wonder when she saw a large card on the tubs marked 69 cents and clothes baskets for $1, and galvanized buckets for 20 cents.

While she was buying some of these—Mr. Man got over to the sporting goods department, where a bi gdiscount is being given on every thing—baseballs, bats. gloves, tennis goods, shoes, etc.

Well, when this particular lady got through with her purchases, she came rushing up to party number three in this episode—placed her arm in his and said; "Come on dearest, I have been getting some real bargais. Party number three did not budge or pay any attention to her, rather strange but true, the reason for this, of course, was that he was so taken up with automobile accessories which he was picking out—tires 30 by 3 inches, at $12.00; horns at $3.99, inner tubes, at $1.69, search lights, at $4.99, and guaranteed pumps $2.39, and other things away eblow what he had ever been able to buy at before. No, he paid no attention to her, so it can be assured that the prices must have been exceptionally attractive, for what man would not look up to a lady and smile when she came up to him? Put her arm in his and called him dearest unless he was vitally interested in something that he was afraid was going to get away.

When he paid no attention to her, she again placed one arm around him and held some bills in front of him with the other hand, and said: "Just look dearie!" See what I saved and if you will come with me I will give it to you. Notwithstaniding these enticing words, party number three kept on making his bargain auto equipment selections, then Miss Lady, all of a sudden, discovered her error and immediately started on a still further hunt through the crowd for her husband, and finally located him, still picking out sporting goods

All's well that ends well. She was snappy, and husband did not blame her in the excitement, and party number three remarked afterward, that nobody, no matter how good looking, was going to deter him from getting those things he wanted for his car, when such low prices could be had.

R. E. Knight's sale is proving to be all that the big ads promised, a genuine time value giving event, bargains on every floor and everything in every department. This sale is put on by an outside expert who certainly knows how to quote low prices.

Everyone should attend for there is something for all. 136-1c.

O. D. BOAT CLUB

Welcome Home Smoker Planned For July 6, In Honor of Returning Members

The president of the Old Dominion Boat Club has recently appointed the following committee

Membership—C. Fletcher Dyson, John L. Curtin, Harold V. Quigley.

To revise constitution and by-laws —Dr. John T. Ashton, G. H. Wingate, E. E. Carver, John L. Curtin, J. T. Preston, sr.

A large number of members have been away to college, etc., during the winter and are now returning home. At its next monthly meeting, July 6, a "Welcome Home" smoker will be given to them in order that they may have an opportunity to greet the many new members who have joined since they went away.

It has been known all along that there was considerable musical talent in the club but the boys sprang a ten piece orchestra on the club last Sunday and made a great hit with it, judging from the enthusiasm with which the music was received "Play" is the middle name of every member and the way they can jazz will put the most church-going foot to patting. This orchestra will have practice periods three times each week, and will probably accompany the crews to the Southern Rowing Association to be held in Baltimore in July.

HULFISH-LANIER NUPTIALS

A wedding of interest was solemnized at the Woodlawn Presbyterian Church Thursday morning when Miss Janita Lanier and Mr. Paul Barton Hulfish, of Raleigh, N. C., were married at 8 o'clock.

The groom had as best man, his brother, Mr. William Hulfish, of Alexandria, Va. Serving as ushers were Mr. W. C. Rader, and Mr. L. P. Goodwin, of Montgomery.

Rev. S. A. Coxe, of the Handley Memorial Church, performed the nuptial service assisted by Rev. R G. Hershey, of the Woodlawn Presbyterian Church.

Mr. and Mrs. Hulfish left for a honeymoon trip which will be spent in Atlantic City, after which they go to Raleigh, N. C., for their permanent residence.—Birmingham News.

Girls Friendly Society

Plans Lawn Party—Planned For June 21

The Girls Friendly Society is a well known club in our city. This past year they organized a domestic science class under the direction of Mrs. Henry Augustine Latane, who was for two years a member of the faculty of Pratt Institute, New York

An appreciation of the importance of domestic science and arts is growing rapidly. It is an art every girl should be taught, for it signifies not cooking alone, but a knowledge of elementary bacteriology, dietetics, hygiene, management and art in the home.

Tuesday evening, June 21st, the club will give a garden party on Christ Church rectory lawn. Proceeds to help buy equipment and material for the domestic science classes. There will be ice cream and home made cake, doughnuts, candy and cakes for sale. There will also be a gypsy to tell your fortunes, a grab bag for the children, and other attractions.

Watch for the "Posters" and the "Girls with the Green Tickets."

TO BE MARRIED JUNE 19

Mr. and Mrs. Lucian Walker Harlowe have issued invitations for the marriage of their daughter, Miss Vera Susann Harlowe, to Mr. Henry Douglas Merchant, on Sunday afternoon, June 19, at 5 o'clock, at their home, Burke, Virginia. Mr. Merchant is an employe of the Southern Railroad. During the world war he rendered valuable service to his country with the 29th United States Engineers in France. He is also a brilliant athlete, being one of the most popular baseball players for many years with the Cardinal Athletic Club.

After the wedding ceremony Mr. and Mrs. Merchant will leave for a honeymoon trip to Sainte Anne Beaupre, Canada.

Ready For Track Meet

Pioneers To Hold Affair at 3:30 Tomorrow Afternoon

The Pioneers of the city are all getting ready for their first track and field meet which will be held at the high school grounds at 3:30 tomorrow afternoon. All Pioneers are eligible to enter any of the eight events on the program, but as the meet is for them only, all will have to have their buttons or be vouched for by their leader.

Prof. Hayden of the High School, and several of the older boys of the school will assit the officials of the Pioneers in running off the meet. The public is invited to the games which will probably consume not more than two hours. Individual and team prizes will be awarded the boys for their efforts.

TWO FUNERALS TODAY

The funeral of Mrs. Regina A. Garvey, who died Sunday at her home on King street extended, took place this morning from St. Mary's Catholic Church, Rev. M. Molloy, assistant pastor, officiating. Burial was in St. Mary's cemetery.

The funeral of Mrs. Sarah Haynes took place this afternoon from the residence of her niece, Mrs Benjamin Beach, 310 North Royal street. Services were conducted by Rev. Dr. E. V. Regester, pastor of the M. E. Church South, and burial was in Union cemetery.

FLOOD VICTIMS TO GET RELIEF

Congress Takes Action For Colorado Sufferers

TEXT OF RESOLUTION

Pestilence Danger Past—Shooting Still a Mystery—Trains Are Running Again

Washington, June 8.—A joint resolution was adopted late yesterday by the House and Senate authorizing the Secretary of War to extend all possible relief to Colorado flood sufferers.

Previously Senator Phipps, of Colorado, had announced that he and Representative Hardy, of the State, would seek an appropriation of $1,000,000 for flood relief.

The resolution directs the Secretary of War to take all possible sanitary measures to safeguard the health of the population in the flood district, to furnish subsistence and shelter and to give all other forms of aid.

The resolution reads:

That the Secretary of War is here by authorized and directed to take such temporary sanitary measures as he may deem necessary and to furnish subsistence and quarter master supplies belonging to the military establishment and make available and issue the same to such destitute persons in Colorado as have been rendered homeless or are in needy circumstances as a result of the recent floods due to the overflow of the Arkansas river and its tributaries, and in executing this joint resolution the Secretary of War is directed so far as possible to cooperate with the authorities of the State of Colorado and the Mayors of such cities on the Arkansas river as may have sustained damages.

Pueblo, Col., June 8.—Danger of pestilence, following last Friday's disastrous flood, has passed, according to officials of the United States Public Health Service; there is plenty of food; shelter has been provided in a refuge camp to remove the congestion in churches, schools and private homes, and an army of men has been at work clearing the streets of debris, removing dead animals and clearing out the business places.

Part of the city is again electrically lighted. The company has preparations nearly completed for supplying gas for heat and light. The city water plant is functioning, and today a water purifier was prepared for human consumption 5,000 000 gallons of water daily.

Dr. John C. Cornell, head of the United States Public Health Service for this district, declared that presence of contagious and infectious diseases is rarer than in the days prior to the diaster, and this in the face of the fact that hundreds of dead bodies of animals are decaying in the flood swept area.

Only two cases of diptheria have developed within the last two days, according to reports of the health service, which has thoroughly organiezd every district in the city and is making a house to house canvass to report sickness and guard against insanitation.

The military order compelling all able bodied men to work has brought out an army of laborers. They have been unloading trucks of food, carrying blankets for refugees, transporting cots and equipment to the new camp for refugees and shoveling mud and debris and carting it away all day.

The city has been remarkably free from lawlessness under the circumstances, very few arrests having been made for looting. Occasional shots have been fired, but the only fatality from this source, occurring last night, was not from the gun of any member of the night patrol, according to a careful investigation made by the military authorities under the direct supervision of Adjutant General Patrick J. Hamrock.

Every patrol within several blocks of the tragedy which caused the death of E. E. Withers prominent business man, was examined. The weapons and ammunition of each guard were inspected and showed that no shot had been fired from any of their guns.

Partial resumption of railway service between here and Colorado Springs made possible transportation of food supplies and troops into the city. No general resumption of railway service, however, will be possible for weeks, railroad officials said.

Communication with South Pueblo was interrupted again yesterday when military officials considered that the main street viaduct was unsafe. About half of the concrete structure over the railroad yard has been sagging since the floods. Communication was restored over the Union avenue viaduct.

Business Women's Club

Plan Supper Next Tuesday Night and Afterward Business Session

Arrangements were completed last night for the June meeting of the Business and Professional Women's Club, to be held in the chamber of commerce auditorium next Tuesday evening, when the members of the executive committee met at the home of Miss Mary Monroe, chairman of the program committee.

The monthly meetings of this club will be held on the second Tuesday of each month, with a supper served promptly at 7 o'clock, during which an attractive program will be given, followed by the business session. The members who will attend Tuesday are requested to communicate with Miss Kroes Ficklin within a few days to enable the committee to complete arrangements for the supper.

This club was formed at a meeting held the second Tuesday in May as a branch of the National Federation of Business and Professional Women's Clubs. Miss Lucy Graves is president, Mrs. Esther Paul Jones, vice president, Miss Eleanor Watkins, treasurer and Miss Elizabeth Ramey, recording secretary. The standing committees are membership, Mrs. Julia Myers, chairman; program, Miss Mary Monroe; finance, Miss Kroes Ficklin and publicity, Mrs. Charles M. Shepperson. The office of corresponding secretary is to be filled at the meeting Tuesday.

MEETING TONIGHT

City Democratic Committee To Gather at Chamber of Commerce

A meeting of the city democratic committee will be held at 8 o'clock tonight in the rooms of the chamber of commerce for the purpose of canvassing the papers filed of the various candidates who will participate in the primary which will be held August 2 next and seeing that all have complied with the provisions of the law.

The meeting was slated to have been held last night in the offices of Smith and Woolls. Practically all of the candidates for office were in attendance but there was not a quorum of the committee present and apt. L. Albert Bryan, vice chairman of the committee, who called the gathering announced that the meeting woud be held tonight.

All candidates are expected to attend this meeting.

CLEAN UP WORK NOW IN FULL SWING

All Urged to do Their Part In This Campaign

SUGGESTIONS MADE

Health Department Urges Co-Operation—Efforts For The Public Good

Our general clean up and paint up campaign is now in full progress. Every man, woman and child should do his or her part, no matter how small that part may be. This work can not be done by a select few. All must join together, or the work can not be a success.

Get rid of all useless articles about the yard Such things are not only unsightly, but they serve as a harbor for vermin.

You may not be able to paint your yard fence, but you can at least white wash it. Lime is valuable from a sanitary standpoint, so don't be afraid to use it.

A whitewashed back yardfence makes a wonderful change for the better. It makes the place clean looking and attractive, Don't have anything about your yard that will draw flies, or serve as a breeding place for them. See that your house is screened against them. Keep ever in mind that the fly is your most deadly enemy, at all times and places A fly will not stay long about a place that is strictly clean, for he must have food and a place to breed

Most of the summer complaints of children are caused by flies. Do not let your baby sleep out of doors unless it is carefully screened from flies. A fly will go straight to the lips of a sleeping baby, and remember the feet of a fly is covered with germs.

While typhoid fever has been cut down to a very low rate in this city, yet we want to cut it lower still.

All of you can help in this work. Your health department has been and is now doing all possible along this line, but each citizen must help

And right now is the time to do it, during our clean up and paint up campaign.

There is no question but what the general sanitary condition of the city has been greatly improved over last year, but let us try to make it better

Now then, let us go full speed ahead, each for himself, yet all for the public good.

A Timely Warning.

Secretary Fall of the Interior Department yesterday warned the operators of coal mines that within a few years the Government will in all probability openly compete with them in mining and selling coal to the people of the United States.

The occasion of this rather startling admonition to the coal operators was when representatives of the National Coal Association appeared in opposition to the Frelinghuysen Bill compelling them to furnish the Government with accurate statistics as to the mining and sale of coal

"If you will not cooperate with the government to keep the people from freezing and the factory fires burning, then the government will have to compete with you," was the gist of the Secretary's warning to the coal barons.

The warning was timely. Let us hope it will have some effect.

Reward

Do you know this man?

Height: 6 ft. 1 inch Face: Thin
Weight: 175 lbs. Features: Prominent

DESCRIPTION: When last seen was on his way to hospital. Used to weigh 185, had ruddy complexion, good appetite and enthusiasm for work. Six months ago began to have irregular bowel movements. Took pills. Lost weight—still irregular. Took salts—violent results. Had medical examination—doctor diagnosed case as self-poisoning, due to clogged, decaying food waste in large intestine; said pills and purges had weakened the intestinal muscles so they could not function. Man protested violently that he was not sick. Doctor replied that he had been sick since first bowel irregularity. Prescribed complete rest and that special treatment. Said if he had cultivated regular habits with Nujol Ronald Lava had no trouble.

REWARD: For restoration to Health to regularity. Nature offers reward of health, and return to normal weight and keenness. If you are the man apply at the nearest Drug store for one bottle of

Nujol *For Constipation*

Nujol works on an entirely new principle.

Instead of forcing or irritating the system, *it simply softens the food waste.* This enables the many tiny muscles in the walls of the intestines, contracting and expanding in their normal way, to squeeze the food waste along so that it passes naturally out of the system.

Nujol thus prevents constipation because it helps Nature maintain easy, thorough bowel evacuation at regular intervals —the healthiest habit in the world.

Nujol is absolutely harmless and pleasant to take. Try it

Nujol is sold by all druggists in sealed bottles only. Manufactured only by Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet "Thirty Feet of Danger".

INGROWN TOE NAIL TURNS OUT ITSELF

A few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost over night.

"Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

OLD AGE, HIS MARK!

Oliver Wendell Holmes, in the charming discourses of "The Professor at the Breakfast Table," refers to an unmistakable sign of old age. It is three parallel lines between the brows. We can detect the first traces of disease by signs just as plain.

When a woman suffers from backache, nervous depression, dragging-down pains, and those ailments peculiar to women, it is plain that she needs a woman's medicine. What other medicine could she more wisely resort to than Lydia E. Pinkham's Vegetable Compound, which for half a century has proved the natural restorative for these troubles?

VIRGINIA NEWS

Richmond—One of the interesting contests that will come to the next legislature is the report of the medical commission provided for by the last legislature, at the suggestion of the governor, looking to having the State combine its medical schools and have a single college, that to be located here. The University of Virginia is up in arms against the report, demanding that the school of medicine shall be kept there. The men who made a study of the matter were strong for this city for the reason that here are the hospital accomodations, the clinical material, the ablest surgeons and diagnosticians to be found in the State, and every inducement to make this city the permanent home of the medical department of the University. The cost for the students is lower here than at Charlottesville, it is more easily reached, has larger and better accomodations for the students, has dental and pharmacy courses and every advantage is for this city. The report favors giving the University of Virginia complete control of the medical college work.

Richmond—The summer term of the Supreme Court of Appeals will begin in Wytheville tomorrow morning, the judges having left here yesterday to be on hand for the first day Judge F. W. Sims and Assistant Attorney General Hank and Stenographer Watts left here Saturday in a machine for the sitting of the court. They will reach there this afternoon, having the benefit of the splendid drive through the states to Staunton, to Lexington, Roanoke, and on to Wytheville, The court is expected to be in session three weeks.

CABARET GIRL INJURED IN FALL FROM WINDOW OF BOARDWALK HOTEL

Atlantic City, June 8.—Late board walk promenaders were startled shortly before 2 o'clock this morning when they heard a splintering of glass and saw a woman fall from a second story window of the Hotel Martinique, Boardwalk and Kentucky Avenue.

The woman, who gave the name of Bunny Dunlap, 22 years old, a cabaret singer, is in the City Hospital with cuts about the head and body. Miss Helen Covington, 20 years old, of Chicago, and Robert S. Waterman, a New York automobile salesman, who were in the room from which the girl fell, were arrested and are being held pending investigation.

Patrolman Nicholls picked up the young woman and took her to the hospital. He declared there had been singing and dancing in the room, but was unable to say whether the woman had accidentally fallen through the window or had been pushed through it.

Two Of The Lumber Sheds

To anyone who has saved money and desires more, the question is always in mind "How can I employ my funds to earn more than usual bank interest and yet keep my money absolutely safe." Inpromptus answers this question intelligently.

Those who desire a safe yet profitable investment may now make one in a substantial, successful and profitable building organization—the General Building Supplies & Construction Corporation, operating under the laws of the Commonwealth of Virginia which provide ample protection to all investors.

Building is one of the most profitable activities and there are comparatively few in this territory who are adequately equipped to render efficient services in this line of business. The General Building Supplies & Construction Corporation maintains an extensive, thoroughly modern plant operated by electricity for the building of Homes, Business and Apartment Houses.

By reason of long experience in the manufacture and purchase of the requisite materials for building, this enterprise is able to accept work at prices lower than offered elsewhere and yet make a very acceptable profit.

The General Building Supplies & Construction Corporation is a **going organization, hence does not need any capital for the erection of a plant and general equipment as this is complete in every modern detail.**

The plant is located at Alexandria, Virginia, bounded by Montgomery, Madison, Pitt & St. Asaph Streets, occupying an area of one and two-thirds city blocks or approximately 138,000 square feet. The structures include a Planing Mill for the manufacture of doors, sash, moldings and general millwork; warehouses, cement brick and artificial st one-making plant; stable, garage, lumber sheds and office. A railroad siding in front of our warehouses enables the receiving and shipping of material at a minimum handling cost. In addition to furnishing building material of every description for our own business operations, we enjoy a large percentage of the general public trade in millwork, etc.

The object in selling stock is to increase the working capital for general contracting, lumber and planing mill business in all branches; to make, enter into, perform and carry out contracts for constructing, altering and improving buildings of every sort and kind; to enter into contracts and arrangements with parties contemplating building property owners and others; to carry on in all their respective branches the business of builders, contractors, dealers in lumber, millwork, stone, brick, timber, hardware, and other building materials or requisites; to purchase for investment or re-sale, and to sell houses, lands, real estate of all kinds and any interest therein.

Fifteen Year Old Colored Boy Came Here From Richmond For Work

About 3:20 o'clock this morning Police Thompson and Miller encountered a small colored boy who acted suspiciously. The officer said they thought he intended to break into the store at the southeast corner of King and Payne streets. However, before the boy did any damage he was taken in custody and when arraigned in the police court today he said his name was Willie Reeves and was from Richmond, and was fifteen years of age. The boy said he came here by sidedoor Pullman in search of work.

The court's verdict was that he wil work at the city house for the next ninety days.

JOYCE NOT QUIET, INDUSTRIOUS BUSINESS MAN, PEGGY RETORTS

Chicago, June 8.—Peggy Joyce came back today with a series of counter charges against her husband, J. tanley Joyce, and she made it snappy, Summarized, she accused him of the following derelictions:

That he was anything but the "quiet, industrious business man," his attorneys paint him. That he admitted indiscretions with "one Charlotte Johnson" prior to his marriage.

That he paid Charlotte Johnson a sum of money to get rid of her.

That when she asked him why he did not don a uniform and serve his country he flew into a passion, striking and beating her. This, she says, took place in Miami, Fla., early in their honeymoon.

That Joyce begged her to "back him up" if Charlotte Johnson threatened to cause him trouble.

That his answer to her original petition is chiefly material for the newspapers, not intended for use in teh courts and constitutes a "cowardly attempt to defame her."

That all the new charges of intimacy with other men which he makes against her are utterly false.

That he is worth in excess of $10,000,000 instead of less than $3,000,000, as he claims.

That her only cash assets at this time are $24,919.92 on deposit in a Paris bank.

She makes no specific denial of the bigamy charge made by Joyce, but says at the time she was married to Philbrick Hopkins, she believed she had been divorced and was free to remarry.

Peggy denies, generally and separately, all charges of infidelity made by her husband and denies she ever threatened him with physical violence. Furthermore, she denies "the excessive use of intoxicating liquors

Sarcastic reference is made to what are termed the efforts of Joyce to make the court believe he was an unsophisticated boy who was misled and seduced into marriage by Peggy

"On the contrary," the answer states, "the respondent was not the possessor of this certificate of moral character which he ha issued to himself." Then she goes into detail regarding his relations with the woman known as Charlotte Johnson.

CROWD AT $1,000,000 TRIAL PRECLUDES VISIT BY JURY

Toledo, Ohio, June 8.—Declaring it was impractical to take 18 defendants on the public streets, even "under guard of 100 officers with shot guns," Judge John M. Killits yesterday refused to permit a jury to view the scene of the robbery of February 17 when the Toledo Post office was looted of $1,000,000 in bonds.

A mob around the Federal building was outwitted in an attempt to catch a glimpse of the prisoners as the women piled into a patrol wagon and the men stepped in pairs into a special van for conveyance back to the county jail.

Both vehicles were backed in the special detectives held the crowd at bay on the streets, allowing no one into the alley and keeping all at least 100 feet from the prisoners. Guards with shotguns mounted rear of the building. Police and automobile led the procession through the alley to the street and back to jail. Coming up in the rear was another automobile loaded with special officers with automatics conspicuously in the front of another

U. S. TUBES
The same standard of quality built into U. S. Tires is put into U. S. Tubes.

Why some men seem to have all the tire luck —

YOU probably know a man whose car is a hobby with him. He knows just *why* it's the best little old car there *is* of its class.

And he'll stand up for that car against the world in any kind of an argument.

* * * *

Year by year an increasing number of men feel the *same way about U. S. Tires.*

For a while they may try "job lot" stuff, "bargains," "big discounts" and "rebates."

But usually it doesn't take long for a man to sense the *economy* of the *standard quality* tire.

For *years* U. S. Tire makers have been building quality tires for sane tire users—for the car of medium or light weight no less than for the heavy car.

The tire buyers of the land have responded with a mighty *U. S. Tire following.*

* * * *

The U. S. Tire makers meet the responsibility for supplying this nation-wide following with characteristic energy.

Ninety-two U. S. Factory Branches are established, covering the entire country.

Find the U. S. Tire dealer who has the intention of *serving you.* You will know him by his full, completely sized line of *fresh, live* U. S. Tires—*quality first,* and the same choice of size, tread and type as in the biggest cities of the land

NOT AN ISOLATED CASE

Many Similar Cases in Alexandria and Vicinity

This Alexandria man's story given here is not an isolated case by any means; week after week, year after year, our neighbors are telling similar good news.

H. J. Duner, policeman 310 North Columbus Street, Alexandria, says: "I have used Doan's Kidney Pills off and on for a good many years and have always had good results. Before I tried them I was troubled a great deal with pains in the small of my back, which were so bad I could hardly bend over sometimes. I had miserable headaches and dizzy spells, too. The kidney secretions passed too freely. I am glad to say that since I have used Doan's Kidney Pills I have been free from all that trouble and have felt a great deal better in every way. I am not afraid of my back hurting. I use a few of Doan's once in awhile and they keep my kidneys in fine shape."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Duner had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

FORCED TO LAY OFF FROM WORK

Restaurant Man Wouldn't Swap Good Tanlac Did Him For Best Hotel in State, He Says

"I wouldn't swap the good health Tanlac has given me for the finest hotel in the State," said C. N. Chisholm, of 417 N. E. Fourth St., Charlottesville, Va., proprietor of a restaurant on Water Street, near the Chesapeake and Ohio railroad station.

"Why, the medicine has built me up twelve pounds in weight and put me in the very best of health, but before I got hold of it I was in mighty bad shape. I was woking in Philadelphia, and suffered so much from nervousness and indigestion that I got in a terribly run down condition. My stomach was so disordered that I felt nauseated most of the time, and I bloated until I could hardly get my breath. My head ached constantly day and night, and I had such awful attacks of dizziness that at times they almost blinded me. I was so nervous I trembled like a leaf and I could never get a good night's sleep. My whole system just seemed to be worn to a frazzle and I was losing three or four days a week from my work. I tried everything I knew of in the way of medicine, but kept getting worse until I decided to leave Philadelphia and came to Charlottesville, my old home.

"After I had been here for several monthswithout getting any better I ran across Tanlac, and three bottles of the medicine have put me in fine shape. The fist bottle set my stomach in order and the other two continued to build me up until I gained twelve pounds in weight and am enjoying the very best of health. I never have to mis sa day from my work now, and it is due entirely to Tanlac that I'm feeling so fine."

Tanlac is sol din Alexandria by Edgar Warfield, jr., and leading druggists.

COURT READY TO TRY 4000 UNDER DRY LAW

New York, June 8.—An extraordinary term of the Supreme Court to deal exclusively with cases growing out of the new State prohibition enforcement law was convened today and a special grand jury sworn. Almost 4000 cases await its action. The first trial will be held tomorrow

Each juror selected told the examiner he would have no hesitancy in indicting male or female home brewers, and would indict persons unlawfully possessing a flask of whisky.

Assistants District Attorney Unger inquired from each talesman whether he was ever in the liquor business, had relatives in it, or was prejudiced against the dry law. He also wanted to know whether they would hesitate to indict a man found drinking his own liquor in a public cafe.

These Better Tires Are Now Lower Priced

Two important factors underlie the remarkable values now offered in Goodyear Tires and Tubes. One is the many improvements made in them during the past few months; the other is the price reductions we have just put into effect.
A conspicuous example of the values now to be had in Goodyear Tires is our clincher type 30x3½-inch Goodyear Cord Tire. This first quality product—one of the most durable and efficient tires we ever built—can be bought today from Goodyear Service Station Dealers for only

People Buy Cord Tires Because They're Economical
Most of our customers who use Goodyear Cord Tires buy them for one reason—because they are economical.
Some car owners entertain the mistaken idea that Cord tires are an extravagance. Nothing could be further from the truth. Their longer mileage and other advantages, more than justify their slightly higher first cost.
The reason why you, too, should equip your car with Goodyear Cord Tires is found in the following facts:
Freedom from trouble
Improved appearance
Ease of riding
Saving of gasoline
Lessening of vibration
Slower car depreciation
And the all 'round comfort, economy and security they give.
If these advantages appeal to you, let us equip your car with Goodyear Cords.

Let Us Help You Cut Tire Costs
Underinflation and misalignment of wheels are the chief causes of tire troubles.
But they need not worry you.
Our quick, expert service of inspection helps you to overcome these forms of tire abuse and thereby cut your tire costs.
We tell you quickly whether or not your inflation is correct. At the same time we locate other causes of tire wear—wheels out of line, tread cuts, fabric cuts or unevenly adjusted brakes.
As a Goodyear Service Station—our service combines selling you the best tires and then helping you get satisfaction and long mileage from them.

VIRGINIA NEWS

Richmond, Va.—With the formal closing of the lists in the campaign for state officers, interest is beginning to sharpen, and the friends of the candidates are making their claims with much gusto. One of the most ardent supporters of Mr. Harry St. George Tucker, John W. Chalkley, of Wise county, here a few days ago in behalf of a railroad company in opposition to the requirement of sheds for the car repairmen, said that the Ninth district will not poll more than 12,000 votes, according to the indications. He said frankly that he believed Senator Trinkle will get 75 per cent of this vote. Mr. Chalkley also said that he was confident of the nomination of Mr. Tucker in the State by not less than 15,000.

Right on the heels of this the Trinkle forces are asserting that they know the situation in the Ninth district, and they made bold to say that Senator Trinkle will have more majority than Mr. Chalkley says will be cast in the entire district. They are also saying that there is every reason in the world to believe the gentleman from Wythe will receive anywhere from 25,000 to 35,000 majority.

One of the interesting developments of the last few days followed the appointment by the governor of Richard McIlwaine, of Norfolk, to a judgeship. The papers of that city declared that politics figured in the selection, that the political ambitions of the governor was a factor. The suggestion of politics has to do with the reported candidacy of the governor for the seat in the United States Senate now held by Senator Claude A. Swanson, and who is a candidate to succeed himself. The papers of the State are discussing the matter with interest, and some of them are defending the governor, especially those that forward him for the governorship.

That Seantor Trinkle will receive the nomination there is a growing belief among the people that come to this city. At his headquarters he is receiving calles from every part of the state daily, and there is the greatest confidence among his supporters that there is nothing to fear but to wait for the returns. Senator Trinkle is going good and strong, making an average of three speeches a day and he is receiving the closest attention and assurances of support wherever he goes. He will not lose a day between this and the day of the primary.

"Just put it down for a certainty that Iam going to win," said Senator Trinkle in a letter to a friend in this city. "I knew I had a hard fight, but I did not expect to receive the support that has come to me thus early after having delayed so long making my announcement. The people want a live, progressive man for governor; they want a man who has had successful business experience, and I am firm in my conviction that the returns will show me a winner by a big majority."
